

**COACH EDUCATION  
SPAIN PROFESSIONAL DEVELOPMENT EXPERIENCE**

NOVEMBER 14th to 22nd

**TAKE YOUR COACHING  
TO THE NEXT LEVEL**

# MOBEON

**Mobeon Sports** is a top-tier sports agency dedicated to delivering transformative experiences for players, teams, Coaches and families to improve performance.

Through our customized football programs, we invite the world to discover how football is lived in Spain. From training sessions with professional clubs, friendly matches and tournaments, to LaLiga match experiences, cultural visits, and full-service accommodation — we create journeys that combine athletic growth, cultural immersion, and unforgettable moments.

**Mobeon Club Experience** is a unique opportunity for clubs, teams, players, coaches to come to Spain and learn from the ground up how football is taught, the culture behind it, and what makes our methodology different.

# COACHES EDUCATION

We find a lot of coaches in the U.S. feels it at some point:

*"My players should be further ahead... Why do they struggle to read the game? What's missing?"*

It's not your fault.

It's the environment.

You train hard.

They train hard.

There's a **cultural Difference:**

The Spanish system focus on the whole team development, creating a performance culture.

So we created something for coaches like you to bring back to your environment

**The Barcelona Coach Trip**

Learn directly from the methodology that shaped some of the world's best players.

You'll spend days inside **Girona FC** and **RCD Espanyol**, watching how professionals design sessions, adjust details, move pieces like chess masters, and develop players who actually *understand* football.

You'll analyze matches, evaluate training structures, and discover why Spanish youth football is decades ahead in collective intelligence

# Exclusive experiences beyond football

And because this is Barcelona, you will also enjoy:

- ✓ Food that tastes like it belongs in a different world
- ✓ A couple of night outings (we won't pretend you don't deserve it)
- ✓ Local culture, wine, the Mediterranean way of living
- ✓ Academy games from Barça and top local clubs
- ✓ Comfortable accommodations
- ✓ A price accessible enough to make any Club director, Manager or Coach, enthusiastic by the trip's return on investment.

You'll go back home with new ideas, new drills, new principles...

But most importantly, a **new perspective**.

Coaches love to say they want to grow.

Few actually make the effort or are afforded the opportunity to make a trip that changes everything!

# DIWZ

# EXPERT GUEST SPEAKERS

The staff in a program like this is absolutely crucial.

In addition to the coaches from the professional clubs, we also bring in other experienced trainers who will contribute their **expertise, vision, and methodology** to enrich the overall experience.

**Gerard Trives** – Currently part of the Methodology Department at FC Barcelona, contributing to the development of the club’s training methodology at youth level. He is also a coordinator at APA Poble Sec, where he implements his football vision on a daily basis and oversees how a club should operate from the grassroots level up to the first team.

Genís brings a unique presence and football vision that leaves a lasting impression. Currently, he coaches **C.F. Vilanova i la Geltrú** in the 3<sup>a</sup> RFEF (**semi-professional**), and has coached at top clubs such as **UE Cornellà (2<sup>a</sup> RFEF)**, **C.F. Badalona U19**, **C.F. Damm U18**, and **APA Poble Sec U19**

His deep understanding of the game, passion for player development, and unforgettable personality make Genís one of the most impactful coaches a young player can encounter
